A photograph of four ceramic vases arranged on a large, light-colored marble tile with a complex, wavy pattern of beige and cream tones. The tile is divided into sections by thin, dark lines. Three small, white, teardrop-shaped vases with different textures (one with a grid pattern, one with vertical ridges, and one with a pebbled surface) are positioned in the foreground. A larger, smooth, tan-colored vase stands behind them to the right. The scene is lit from above, creating soft shadows.

*Timeless and stunning designs  
for the surface!*
